

SJS Enrollment Mark Drops to 6718

Injury Fund Open to Touch Tackle Teams

ASB card holders injured in regularly scheduled intramural touch-tackle games will be eligible for recompensation from the college injury fund for medical expenses incurred, it was decided by the Student Council yesterday.

It was called to the council's attention by Tom Mullan that one student was injured to the extent of two broken ribs and he was unable to receive recompense for medical aid because the injury occurred "off campus."

Lud Spolyar, ASB president, said that "any activity sponsored by the ASB should be covered by the Injury fund."

The council also approved:

1. To make a recommendation to the Spartan Shop board that approximately \$2100 be appropriated from last year's profits for new public address units, to be installed at state expense, in the Morris Dailey auditorium and the Men's gym.

2. A request by Tom Mullan to charge ten cents admission for the College of Pacific pre-game rally, the proceeds of which will be used to purchase new stunt cards for the rooting section.

Mullan stressed the inadequacy of the cards now in use. He said that the rally committee wished to replace the two-year-old cards for next year's half-time activities.

Tickets Available

"First come, first served," will be the policy regarding the reservation of fraternity and sorority seating blocks for the COP-SJS homecoming football game, Nov. 23, Mrs. Lee Stuck of the Graduate Manager's office, announced today.

Reservations may be made today and tomorrow, she said. Students and faculty members may obtain their tickets Monday, she added.

Class Makes Study Of Traffic Flow

Traffic problems from the standpoint of both the driver and the pedestrian were observed first-hand by members of the college driver training classes during two field trips taken recently, according to Robert P. Johnson, industrial arts instructor.

During the first trip, the flow of traffic across the intersection of First and Santa Clara streets was studied. The group's observation point was the roof of the Roos Bros. store.

An analysis of the traffic situation at the intersection of San Carlos and Market streets was made by the class on the second trip. This study was made from the roof of the St. Claire hotel.

Among the traffic factors looked for by the students were habits of drivers, whether pedestrians obeyed signals or not, parking methods and behavior of drivers during emergency fire and police calls.

Hold Placement Meeting Today

Teaching credential candidates who will be available for placement Dec. 1951 or March, June or fall, 1952, are to meet today at 3:30 p.m. in S112, according to Miss Doris Robinson, director of teacher placement.

Miss Robinson will talk to the group about prospective positions.

A second meeting for those unable to attend this afternoon will be held next Wednesday at 4 p.m., she said.

Frats Undertake Church Painting

Pledges and active members of all local chapters of national fraternities will paint the First Congregational church at S. Third and San Antonio streets Saturday, according to Dean of Men Stanley C. Benz.

The painting of the church is regarded by college authorities as a step in the direction of changing fraternity "hell week" into "help week," he added.

The suggestion was first brought to the attention of the Interfraternity Council by Dick Hammer of Phi Sigma Kappa.

Dean Benz and the Rev. Stephen C. Peabody, minister of the church, worked out the arrangements for the painting project.

The church is furnishing the paint, brushes, scaffolding and insurance, said Dean Benz. He added that the work will be done under the supervision of Willis Waldrop, representing the church. Church women will provide coffee and doughnuts.

Glenn McClelland is in charge of putting up the scaffolding tomorrow, Dean Benz said. The San Jose fire department has agreed to wash off the building before the scaffolding is erected and before the painters begin their work.

Dean Benz added that from the labor supply made available by the fraternities, 20 painters will work at one time in as many

shifts as necessary. College and church officials have conferred with representatives of San Jose painters' unions and have obtained their clearance for the project, he said.

He disclosed that if the job is not completed this Saturday, it will be resumed on Saturday, Nov. 10.

Newly Elected Soph Officers Are Installed

Four recently elected officers of the sophomore class took office at a meeting of the class council Tuesday afternoon, according to Mr. James Jacobs, class adviser.

Bill Eckert, last year's president, presented the presidential gavel to his successor, Jim Aitken. Jean Ann Bailey was installed as vice president, Virginia Cross as secretary, and Dave Doerr as treasurer. Diane Morris and Eckert were elected as sophomore justices Friday.

Mr. Jacobs announced at the meeting that approximately 529 persons attended the after-game dance Friday night, and that the dance netted the class approximately \$75.

The suggestion that a first-aid kit and a telephone be available at future dances was taken to the Student Council by representatives Joanne Velandier and "Doc" Weaver, Jacobs said.

The Weather

The weather only California can have! Even the land of eternal sunshine must bow to old man winter, but we have the distinction of having foggy weather and also warm sunshine.

Patches of morning fog thinning out in the afternoon. However, if the weather follows its present trend the sun will be out also. Makes for a nice effect!

UNITED PRESS ROUNDUP

Communists Raise Peace Hopes with Cease-fire Proposal; No-damage 'Quake' Jolts San Francisco, Gilroy, Hollister

Panmunjom, Korea.—The Communists sent hopes for a Korean truce soaring yesterday with a compromise proposal to end the war along a line only two to three miles from the cease-fire line sought by the United Nations.

A U.N. spokesman said the surprise Red offer at an armistice subcommittee meeting brought the two sides closer to a cease-fire agreement than at any time since the truce talks began July 10.

San Francisco.—A small sharp earthquake hit northern California yesterday, shaking buildings in San Francisco and swaying walls in Gilroy and Hollister. No serious damage was reported.

Strike Spreads to S.F.

New York.—Insurgent AFL longshoremen held New York docks idle in the 17th day of a

... A drop in attendance

Re-Stamp Ducats

Students who purchased tickets to the Marquette-SJS benefit football game, Nov. 30, before the date of the game was changed, should have their tickets over-stamped in the Graduate Manager's office immediately, according to Mrs. Lee Stuck.

The Salvation Army benefit game was originally scheduled for Saturday afternoon, Dec. 1, but recently has been changed to Friday evening, Nov. 30, she said.

Interloper Speaks In Literature Class

Yesterday a stranger sat through Dr. Raymond Barry's lecture on American literature.

When the lecture finished, students were startled by the strange gentleman suddenly rising to announce, "I took this course from Dr. Barry in 1940, and it's the best English course I've ever had."

Even with no "A" to be gained the gentleman went on, stating that he'd attended Columbia university and the University of California at Santa Barbara and had never heard a finer lecture.

He also told the class to pay attention and take notes, to which Dr. Barry, no doubt, breathed a silent "Amen."

Larger Drop Was Expected, Says Palmer

San Jose State college has stopped growing. Statistics released yesterday by the Registrar's office show a drop of 323 in total enrollment.

Including both SJS and San Jose Junior college, a total of 6718 students now are enrolled, as compared with 7041 for this time last year. Miss Viola Palmer, admissions officer, said that a much larger drop was expected. A pre-registration estimate put the probable enrollment at 6200.

Explaining the underestimate, Miss Palmer said, "We expected a much larger drop in enrollment because we thought more college men would be called into the service."

Only the freshman class increased in size, all others decreasing slightly. A total of 2296 freshmen now are enrolled in SJS, an increase of 137.

Of the other three classes, the junior class showed the largest drop. Total number of juniors enrolled this year is 1461, which is 188 less than last year.

The sophomore class totals 1331, a drop of 113. Senior class declined from 1354 a year ago to 1195 this quarter.

J. F. Jacobs, sophomore class adviser, stated that the sophomore class was smaller than the others because, "Along about the sophomore year financial and scholastic problems catch up with the students. War work took some of our sophomores, both men and women. Scholastic problems caused some others to drop out of school."

Harry Wishes Liz 'Nice' Time

Washington, Oct. 31 (UP)—Britain's Elizabeth and Philip flew here today to a pomp-packed and ceremonious welcome into which President Truman introduced a folksy touch by wishing them a "nice" time.

As the slim and lovely Princess stepped from the big Canadian transport which brought her and the Duke of Edinburgh from Montreal, a battery of 75-mm artillery pieces boomed out 21-gun salutes.

This salute was the prelude to as elaborate a welcoming ceremony as this democracy provides for visiting foreigners. It is normally reserved for chiefs of state.

DR. RAYMOND MOSHER

... Back on Campus

eral role in the college status," Dr. Mosher said.

He added that the regional representatives recommended that colleges cease specialized accreditation, as they often attempt to exercise too much control over college activities.

Dr. Mosher also is dean of summer school.

Consider Your Obligation

The government is permitting thousands of young men in this country to attend college during the present emergency, without immediate fear of their being drafted.

The government obviously feels the undergraduate of today will be their leader of tomorrow, and consequently wants the colleges and universities to do the necessary training which will make him a capable leader, before calling him into the service.

We on the campus have our daily academic problems. But stop to think a moment: the fighting men in Korea, the men stationed in Europe or in training in the United States, don't have to worry about blue cards, grades, football games, girl friends or fraternities. No! All they have to worry about is the enemy and death!

When you attend your classes try to work harder academically, pointing toward the future. Remember, we are here for a purpose. Our friends, relatives, neighbors and fellow Americans are helping to defend this country's principles overseas, allowing us to attend college in complete freedom from fear of an enemy.

Meetings

AND ANNOUNCEMENTS

IRE: Meet tomorrow at 11:30 a.m. in Room S112 to see movies.

CCF: Meet today at 12:30 p.m. in Room 39 to hear guest speaker, Mr. Jacob Bellig.

Alpha Chi Epsilon: Meet Tuesday, Nov. 6, at 3:30 p.m. in Room 21.

Student Court: Meet today at 4:30 p.m. in the Student Union.

Freshman Class: Meet today at 3:30 p.m. in the Bible school, Fifth and San Carlos streets.

Engineering Society: Meet tomorrow at 7:30 p.m.

Deseret Club: Meet tonight at 7:30 o'clock in Room 129 to hear guest speaker, Dr. Wayne Karchner.

Epsilon Pi Tau: Meet tonight at 7 o'clock at the First Congregational church, 120 E. San Antonio street.

Campus Chest Committee: Meet today at 4 p.m. in Dr. T. W. MacQuarrie's office. All representatives please be present to conclude chest drive plans.

Attention: All prospective teachers available for placement Dec. 1951, spring or fall of 1952, are

to meet at 3:30 p.m. today in S112. Miss Doris Robinson will speak regarding placement. Another meeting will be held the following Wednesday at 4 p.m.

Bibliophiles: Meet tonight at 7 o'clock in Room L212.

Tau Delta Phi: Meet today in the Tower at 11:30 a.m. for luncheon and meeting.

Delta Phi Delta: Meet today at 7:30 p.m. at the home of Mr. Randall. Refer to bulletin board in the Arts department for details.

Wildlife Conservation: Meet Monday at 1:30 p.m. in Room S216.

Sojourners: All Master Masons meet Monday at 7:30 p.m. in Room 11.

AMS Steering Committee: Meet today at 3:30 p.m. in the Student Union.

Gamma Pi Epsilon: Meet today at 7:30 p.m. in the Student Union to hear guest speaker, Professor Poyle from Stanford university.

WAA: Council meeting today at 4:30 p.m. in the Women's gym.

WAA: Meet tonight at 7:15 o'clock in the Women's gym for the Swim club. Must have student body card.

Music Majors and Minors: Save Nov. 6th.

Sigma Delta Phi: A professional dancer will entertain guests and members tonight at 7:30 o'clock at the YWCA.

Refreshments will be served, and the meeting is open to the public.

Invite Faculty

Faculty members are invited to attend the fall meeting of the San Jose State college chapter of American Association of University Professors at 12:30 p.m. Tuesday in the Women's gym, Room 8, according to Gene A. Wallar, chairman of the chapter.

Vandenberg Asks For Air Academy

Colorado Springs, Colo., Oct. 31 (UPI)—Air Force Chief of Staff Hoyt Vandenberg says that immediate establishment of a "West Point of the Air" and increased production of planes are needed to maintain U. S. supremacy in the skies.

Vandenberg, here with 57 of his top generals, for a high level policy briefing, said, "We have the makings of the finest air force in the world."

A cordon of air police and FBI agents patrolled the area surrounding the luxurious Broadmoor hotel here, where the meetings are being held.

Speaking of air force strength, Vandenberg said, "So far, our Air Force is lagging, relatively speaking, behind the Army and Navy."

The General said that appropriation of money by Congress does not mean immediate improvement of our air strength.

"We are just now getting planes and armament from orders we placed before the Korean war broke out," he explained.

The Chief of Staff said he believed that establishment of the Air Academy is vital to America's air arm.

"The boys we had during World War II were, for the most part, non-professional soldiers. When the war ended we lost them," he said. "That is why we need an academy. We want to take men directly out of high school and train them our way. We want and need traditions of our own, like West Point and the Naval Academy have."

Vandenberg said he will try to

get Congress to appropriate enough money to strengthen the nation's 95 air groups.

I.A. Frat Names Twenty Applicants For Membership

Prospective members were selected by Epsilon Pi Tau, national Industrial Arts honorary fraternity, at its meeting last Thursday afternoon, according to Don Forbes, publicity chairman.

Students voted for acceptance into the fraternity were Roy F. Anderson Jr., Ralph W. Caulkins, Robin J. Crizer, Lawrence Deluz, Edward De Mello, Fred Dunning, James W. Fraser, Marvin E. Hess, Lewis K. Hunter, Van B. Lawrence.

N. W. McCrea, Robert J. McKeown, Robert W. Maggnetti, William M. O'Brien, Richard W. Peterson, Harold C. Plummer, John W. Pruitt, John G. Rogers, Ronald Rutledge, and Arthur Stover.

Present officers of the fraternity are Bennie Low, president; Lew Mello, vice president; James Browning, treasurer; Ted Geritz, secretary; Herbert Lewis, assistant secretary; Don Forbes, publicity chairman; George Argyres, program director.

Class Travels To Auto Plants

Thirty-seven students of the auto mechanics class visited the Ford assembly plant in Richmond during a field trip Tuesday afternoon, according to Robert P. Johnson, instructor in industrial arts.

Purpose of the visit was to learn the various operations involved in assembling an automobile.

Future trips will be made by the same class to the Chevrolet and Dodge assembly plants situated in Oakland and San Leandro, respectively.

Sports Tonight

Another sports night is slated for Spartans tonight at 7:30 o'clock. Miss Jan Openshaw, women's representative of Co-Ree council, announced yesterday.

The evening highlights will be volleyball and badminton, she said. She reminded students to wear rubber-soled shoes for the two sports. Social dancing, table tennis, canasta and bridge also will be offered.

The regular Camp Counselors meeting will be held at 7:30 p.m.

Y Group Plans Mountain Meet

A leadership training conference, open to all interested students, will be sponsored by the student Y Nov. 9, 10 and 11, according to the Rev. Jim Martin, executive secretary.

The conference will be held at Monte Toyon, south of Santa Cruz.

Students may sign up now through noon Nov. 8. A charge of \$5.50 for the weekend will be made. It will cover food, lodging and transportation.

Department Slates Additional Courses

During winter quarter, the Modern Language department will offer separate courses in the pronunciation and diction of French, German and Italian. The course is designed especially for music majors who desire basic training in pronunciation of the three languages.

Dr. Wesley Goddard will teach the French course. German will be taught by Dr. Theodore E. Verhaaren and Italian by Mrs. Margaret Pinkston.

Two units of upper division credit will be given for the classes, which will be held on Tuesdays and Thursdays at 12:30 p.m.

Grid Team Flies South Tomorrow

Spartans Head For San Diego

By ROY HURLBERT

SJS's Golden Raiders shove off tomorrow morning for their Saturday afternoon date with the San Diego Navy on Hull Field, the base football arena.

The Spartans will take to the skies for the second time this year and this time Coach Bob Bronzan is making sure his squad gets to its destination on time and as healthy as possible.

Things didn't go so well on their last air trip, resulting in a very sad excursion to Idaho. Bronzan is getting off to an early start so his 36 man squad will be in San Diego a day ahead of kick-off time. The Spartans are taking all precautions after the Moscow experience.

Four planes from Western and United Airlines will carry the 46-man traveling party south. The players will go in two planes in separate groups, while the coaching staff, trainers and writers will be on different flights. All flights are regular first class flights and not charter affairs as was the case for Idaho.

Fullback Frank Morris and Guard Vern Vallerkamp will travel by train tomorrow morning. Both first stringers got fouled up on the first air trip and have sinus trouble.

The entire Spartan contingent will be in San Diego by noon, where they will take up quarters in the Bluejacket barracks. The squad will tour the base and inspect several ships, including submarines, destroyers and an aircraft carrier.

Bronzan will hold a light workout in the afternoon and the boys will watch a movie before turning in.

After the game Saturday, the Spartans will make a sight-seeing jaunt to Tijuana. They will head home Sunday.

The stress was on defense yesterday against San Diego Navy plays. Line Coach Bill Perry scouted the Navy-USF game and brought home a few hints on their T attack.

Wrestling Tourney To Be Held in Gym

Spartan novice wrestlers will have an excellent opportunity to partake in the grunt and groan sport as the Pacific association northern division AAU wrestling tournament will be held in the SJS Men's gym on December 15, according to Ted Mumby, Spartan wrestling mentor.

Contestants may compete in any of the following weight classifications: 115, 123, 130, 137, 147, 157, 167, 177, 191 and heavyweight. Weigh-ins will be held from 9 to 9:30 a.m. with competition starting at 10 a.m.

Any students wishing additional information pertaining to the meet can contact Ted Mumby in the Men's gym.

P.E. Frat Meeting

Phi Epsilon Kappa, national physical education fraternity, will hold an election for next year's officers at its regular meeting tonight at 7:15 o'clock in the Men's gym. This Sunday's venison steak barbecue also will be discussed.

Spartan Daily Sports

Thursday, Nov. 1, 1951

Page Three

Jayvees Upset SC Jr. Broncs, 13-6

By BILL WELDY

Playing their best game of the season the SJS junior varsity football crew upset the Santa Clara reserves 13 to 6 before a meager crowd in Spartan stadium last night.

Spartan Jack Gigliotti recovered a Bronco fumble on the Santa Clara 19-yard line to set up the first SJS TD. Gene Goldberg took the pigskin to the Bronco one-yard line in two carries. John Anastasia smashed off left tackle for the tally. John Giammona added the extra point with Joe Tiago holding the ball.

Two minutes later the Spartababes took over on the midfield stripe. After an incomplete pass, end Steve Dufour made the play of the night when he grabbed a 40-yard Larry Rice aerial for a net gain of 44 yards. Rice tallied three plays later on a run after he was trapped while attempting to pass. Giammona's conversion attempt was blocked.

The Santa Clara score came late in the fourth quarter when Jim

McGoldrick tossed a 40-yard pass to Tom Zajec.

Spartababe Tackle Mel York was the only casualty of the fray. York suffered a broken tibia bone and may be out of action for the remainder of the season.

Coach Jim Wheelahan was extremely pleased with the work of the SJS defensive line. Backs Goldberg, Anastasia, Tiago and Giammona also drew praise from the Spartababe mentor.

Attention Fans!

All students who intend to follow the Spartans south for their game Saturday with the San Diego Navy in San Diego will be admitted without charge, according to Danny Hill, SJS athletic news director.

Students should enter Gate 3 at the Naval Training Center, Hill said. A special rooting section has been provided for Spartan rooters.

Three Move Into Second Round of Tennis Play

The first round of the annual All-College Singles tennis tournament opened yesterday at Spartan courts with three victors moving into second round play.

Today's schedule begins at 12:30 o'clock with Jim Austin meeting Tom Barton. At 2:30 p.m. four matches are slated with Wes Jorgensen vs. Sam Ceasar, Don MacKenzie vs. Ken Lessler, Dick Mason vs. Robert Moxley, and Leon Amish vs. Al Anderson.

In first round play Jake Parker defeated Don Love by forfeit, while Bob Bradly won a straight

set match from Al Jong, 6-1, 6-2. The final match witnessed a draw between George Bill and Fred Dekkert. After splitting the first two sets by identical 6-1 margins, the third set was called after 5-5 because of darkness. The two will play off today.

Scientists Get New Space for Insects

By ORDEN ICHINAGA

Ten new Cornell-type cases for storing insects were received recently by the Natural Science department, according to Dr. James W. Tilden, instructor in entomology.

Each case contains 12 drawers. The total value of the cases is estimated at \$2000 by Dr. Tilden. The cases will alleviate the crowded situation which now exists in the insect-collection room. According to Dr. Tilden, the last time the department received such equipment was in 1939.

In addition to making the classifying and labeling of insects easier, the cases will enable entomology instructors to separate the common species from the rarer ones for study purposes. Common insects then could be brought into the classrooms and examined at any time, while the rarer ones would be used as reference material only.

Now that more insect-storage equipment is available, Dr. Tilden has begun to transfer his private collection of moths from his home to the Natural Science insect storeroom. He is donating his collection to the college.

Dr. Tilden's collection, which he started in 1930, contains representative specimens of 1200 moth species. Medium-sized and larger moths comprise the bulk of his specimens.

Pointing out that he has a few

Student Y Sponsors Observatory Trip

The first trip in a series of "Know Your Community" programs, sponsored by the Student Y, will be made Friday when Y members and friends take a jaunt to Lick observatory to peer at the celestial atmosphere, according to Connie Harris, chairman.

Students will meet at the Y on S. Seventh street at 6:15 p.m. There will be a 25 cent charge for transportation. Students able to furnish cars are needed.

A guide will lead the students on a tour of the observatory situated atop Mt. Hamilton. Spartans will be allowed to use the observatory telescope.

Sororities Plan Open Houses

Spartan sororities will hold open house Sunday for all girls on campus.

All women students are invited to attend the open house, purpose of which is to acquaint girls with the various sororities and their houses, said Virginia Cox, publicity chairman of Panhellenic council. Houses will be open Sunday from 2 p.m. to 6 p.m.

Girls who are interested may visit all of the houses, the usual length of each visit being 15 minutes, Miss Cox said. Appropriate attire, she added, is dressy sport.

Reitzel Is Judge

Dr. Marques E. Reitzel, head of the Art department, was one of the judges of the recent Seventh District Art Association show held in the Haggin Memorial museum at Stockton. The exhibit included works by artists from five counties in the vicinity of Stockton.

species not even found in museums, Dr. Tilden expressed the opinion that his collection equals any California collection as far as size and completeness are concerned.

All of his moth specimens were collected in North America, mostly in the United States and Canada, with a few taken in northern Mexico. He obtained many of the moths which inhabit the eastern part of the country by exchanging with a Pennsylvania collector.

Advanced entomology students plan to use Dr. Tilden's moth collection as a reference aid.

Dr. Tilden is a graduate of San Jose State college. He received his A.B. in 1942. After serving three years in the navy, he returned in 1947 to obtain his M.A. He joined the college natural science staff in 1948 after receiving his Ph.D. from Stanford university in the same year.

WAA Hockey Team Journeys to Meet Stanford, SF State

WAA hockey teams travel to Stanford today and to San Francisco State college Saturday for hockey meets, said Miss Margaretta Fristoe, adviser, yesterday.

Approximately 25 girls on the varsity and javee teams will travel to the schools for the contests, Miss Fristoe added.

"Our teams look stronger this year," she said. "The calibre of playing is better and we've some excellent talent from the freshman and junior college transfer groups."

Lee Humphry is manager of WAA hockey, with Tilly Brunelle serving as ex-officio assistant manager, explained Miss Fristoe.

"We don't know the strength of the Stanford team this year," Miss Fristoe said, "but the girls are confident of defeating San Francisco State. We've already played them during the two-day coaching clinic at Redwood City, two weeks ago."

Set Party Deadline

Deadline for students to sign up for Saturday's Hillel club Halloween party is 5 o'clock this afternoon, according to Ed Klein, religious chairman of the group.

The sign-up list is posted on the Morris Dailey bulletin board.

The party will be held at the Temple, located at University and Myrtle avenues.

WAA Sets Date For Swimming Meet Run-Off

Preliminaries for the WAA swim meet are scheduled for 4:30 p.m. Tuesday, Nov. 6, according to Mary Ann Weisbrod, Swim club manager.

Organized or independent groups, or independent women students may form teams for the first run-off, she added.

Teams garnering the highest number of points will be eligible for the finals Nov. 13 at 7 p.m. Winners of the meet will receive a trophy, Miss Weisbrod said.

Events will be the 50-yd. freestyle, the 25-yd. backstroke, the 25-yd. breaststroke, the 75-yd. medley relay, and the 100-yd. freestyle relay. Diving competition also will be held.

Entry blanks may be obtained in Dr. Elizabeth Prange's office, Room 18, in the Women's gym.

"Outstanding swimmers are not expected," explained Miss Weisbrod. "The average girl, who enjoys swimming, is the one best suited to take part in the meet."

During past years, Miss Weisbrod remarked, WAA Swim club has had a swim show. It is impossible now, due to lack of seating space. Instead, a whole new program has been planned, which includes the swim meet.

Attending Meet

Miss Ardith B. Frost, instructor in women's physical education, today is attending the second meeting of the planning committee for the Fourth Annual Northern California Recreation conference in Oakland. The conference will be held early next year in Fresno.

Civil Service Officials To Interview Tomorrow

Graduating seniors who want federal jobs will do well to visit Room 106 tomorrow between 9:30 a.m. and 3 p.m., according to Dr. Vernon A. Ouellette, placement officer.

Top-flight representatives of the Twelfth United States Civil Service region will be here at that time to interview prospective candidates for the jobs.

Interested students need not schedule appointments, Dr. Ouellette said, but may go to the interview office at any time during the scheduled hours.

Students who graduate in Dec., '51, and March, June and summer quarter, '52, especially are invited to the talks, he said.

The commission representatives will discuss junior management and professional assistant positions. They also will give information about the civil service examinations to be given Dec. 8.

Among the college fields repre-

sented in government positions are public and business administration, economics, statistics, psychology, geography, anthropology, history, bacteriology, geophysics, electronics, chemistry, physics and mathematics.
